DV Awareness Month – National Coalition Against DV -- Take A Stand is a call to action meant to bring attention to the issue of domestic violence for Domestic Violence Awareness Month (DVAM) and throughout the year. By taking a stand we intend to remind the nation that there are still countless people--victims and survivors, their children and families, their friends and family, their communities--impacted by domestic violence. We, all of us, should not stop until society has zero tolerance for domestic violence and until all victims and survivors can be heard.

And every Thursday we are at a local clinic in the downtown area that sees several homeless individuals. And every Tuesday and Friday we are in Nassau County at the Day's Drop of center.
- We are currently working to establish a stronger connection and presence in Clay County by partnering and working with Clay County Community Services that is in Middleburg, FL. The goal is to establish outreach services in the community so we can start doing and enrolling people that are in need into coordinated entry. That connection and collaboration should be up and running in the next few weeks.
- The outreach team is always looking for other opportunities and other organizations to work with to do outreach and to reach those in need.
