

Before Starting the Project Listings for the CoC Priority Listing

The CoC Consolidated Application requires TWO submissions. Both this Project Priority Listing AND the CoC Application MUST be completed and submitted prior to the CoC Program Competition submission deadline stated in the NOFO.

The CoC Priority Listing includes:

- Reallocation forms – must be completed if the CoC is reallocating eligible renewal projects to create new projects or if a project applicant will transition from an existing component to an eligible new component.

- Project Listings:

- New;
- Renewal;
- UFA Costs;
- CoC Planning;
- YHPD Renewal; and
- YHDP Replacement and Reallocation.

- Consolidations and Expansions Forms – must be completed if the CoC is consolidating eligible renewal projects or applying for new projects to expand the operations of eligible renewal projects.

- Attachment Requirement

- HUD-2991, Certification of Consistency with the Consolidated Plan – Collaborative Applicants must attach an accurately completed, signed, and dated HUD-2991.

Things to Remember:

- New, CoC Renewal, YHPD Renewal, YHDP Replacement and Reallocation Project Listings – all project applications must be reviewed, approved and ranked, or rejected based on the local CoC competition process.

- Project applications on the following Project Listings must be approved and are not ranked per the FY 2026 CoC Program Competition NOFO:

- UFA Costs Project Listing;
- CoC planning Project Listing;
- Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project Listings.
- For each project application rejected by the CoC, the Collaborative Applicant must select the reason for the rejection from the dropdown provided.
- If the Collaborative Applicant needs to amend a project application for any reason, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND ranked or approved BEFORE submitting the CoC Priority Listing to HUD in e-snaps. 2. Reallocation

2-1 Is the CoC reallocating funds from one or more eligible renewal grant(s) that will expire in Calendar Year 2027 to create one or more new projects? Yes

Alert:

As stated in the FY 2026 CoC Program Competition NOFO:

- CoCs may reallocate YHDP projects from any Round to create new YHDP Replacement projects.
- If a CoC reallocates funding from a renewal project that was previously awarded DV Bonus funding, any new project created with such funding must be 100 percent dedicated to serving individuals and families who are fleeing or attempting to flee domestic violence, dating violence, sexual assault, and stalking and who qualify as homeless under paragraphs (1) or (4) of the definition of homeless at 24 CFR 578.3 or Section 103(b) of the McKinney-Vento Homeless Assistance Act.

2A. Reallocation - Grant(s) Eliminated

CoCs reallocating eligible CoC Renewal, DV Renewal or YHDP renewal project funds to create new project application(s) may do so by eliminating one or more expiring eligible projects.

YHDP Renewal Grants and DV Renewal Grants may only be reallocated to create new projects that serve the same populations/subpopulations as the projects the funding was reallocated from.

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified.
(limit 2500 characters)

Project applicant was notified August 6, 2026. The project is being eliminated to transition from DV RRH to DV SSO CE. FL-510 uses an objective, data-informed process to evaluate all CoC-funded renewal projects and identify projects that are lower performing, less needed, or could better meet community needs through a different component. During the FY2026 local competition, all currently funded projects were evaluated using HUD Annual Performance Reports (APRs), including utilization, increases in participant income, and expenditure/spenddown performance. The CoC also reviewed PIT, HIC, HMIS, and Coordinated Entry data to evaluate system needs, housing inventory, populations served, and gaps within the four-county homelessness response. Project performance and system-level data were considered together to determine whether existing investments remained the most effective use of CoC resources.

FL-510 identified multiple projects as candidates for reallocation based on performance, utilization, expenditure patterns, current community need, and whether the existing project component remained the most appropriate intervention. This included several Permanent Supportive Housing (PSH) projects, including a project historically targeted to persons with chronic alcoholism, as well as PSH and Rapid Re-Housing (RRH) projects for which the CoC determined a Transitional Housing (TH) model would better align services with participant needs and current system priorities.

FL-510 reallocated approximately 47 percent of its current project portfolio during the FY2026 local competition. Reallocation decisions were used to create new projects and support transition to component types that better address identified needs. The process was not based solely on individual project performance; FL-510 also considered whether the existing intervention remained necessary and appropriately structured given current PIT, HIC, Coordinated Entry, and system performance data.

RE: Match Commitment for HUD Continuum of Care Application – Transitional Housing Program

Dear Ms. Gilman,

This letter is submitted in support of Catholic Charities Bureau, Inc.'s application for funding through the HUD Continuum of Care Program to operate a Transitional Housing Program. The agency requests \$250,000 in program funds to provide safe, stable housing and supportive services to individuals and families experiencing homelessness. In accordance with HUD Continuum of Care match requirements, Catholic Charities Bureau, Inc. commits a total match of \$62,500, representing 25% of the requested program funds. This match will be provided through a combination of in-kind contributions and cash support as outlined below:

- **In-Kind Match – Food Donations:** Catholic Charities Bureau, Inc. will provide in-kind contributions valued at \$37,500 through its established food pantry program. These donations will directly support program participants by supplementing household food needs, reducing financial burden, and promoting housing stability. The valuation of donated food will be documented in accordance with applicable federal guidelines.
- **Cash Match – Diocesan Support:** Catholic Charities Bureau, Inc. will contribute \$25,000 in cash match from unrestricted funds received through the Diocese of St. Augustine. These funds will be used to support eligible program costs, including operations and supportive services.

All match contributions are non-federal in origin and will be used to support eligible activities as defined by HUD Continuum of Care regulations.

Sincerely,

Eileen Seuter, Regional Director
